George Cleveland

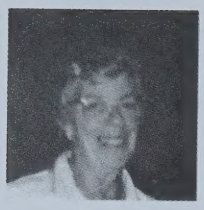

Town Moderator 1978 to 2006

George Cleveland has been a part of Tamworth all his life, and for 28 years was town moderator. Town meeting is the biggest gathering of the year, bringing together members of every family, group and faction. George has a clear grasp of Robert's Rules and the laws of state and town, and invariably ran a good meeting. He didn't allow radical detours—even though watching those was once a main draw of town meeting. His control was light, but steady. We never knew how he felt personally about issues, though he several times brought to our attention matters of law or common sense that might have been forgotten in the debate. His sense of duty and balance reigned, as did his humor. Over time, many people who had once come to town meeting for the possibilities of socializing or spectacle (as well as voting on matters of import) started to come back because they knew that, with George at the podium, their concerns, dollars and time were handled with respect and care. Their input and expectations were valued and rewarded by his careful management of the process. His own, well-versed, deeply entrenched affection for and service to government were not trumpeted, but they informed his every move. We were lucky to have his service.

George often said, "Town meeting is the most pure kind of democracy. And what comes with the most pure form of democracy is the ability of every person in town to voice his or her opinions at town meeting."

The Board of Selectmen, previous Boards of Selectmen, and the voters of Tamworth thank George for his many years of service.

Earline S. Wright

1926 – 2006

Earline S. Wright was born Jan. 4, 1926, in South Portland, Maine. She was the only child of Frank Nelson Stevens and Eleanor Earline Henry. She was educated in South Portland schools. She graduated from both Gray's Business School and the Maine Eye and Ear School of Nursing.

Earline was a frequent visitor here in Tamworth since she was very young. The Museum founder, Dr. Edwin Crafts Remick became an "adopted" uncle to her.

Her aunt, Gertrude Seiders worked as a nurse for both Dr. Remick's for over fifty years. Later Earline followed in her Aunt's footsteps and became the Doctor's nurse in 1983, eventually caring for the doctor until his death in 1993.

It was through her suggestions and assistance that Dr. Remick decided to establish the Remick Museum and Farm. The Earline Wright Education Center at the museum was dedicated in 1998. Earline was an original Lifetime Trustee of the Foundation.

Genealogy was a passion for Earline. She was a member of the Mayflower Society, Daughters of the American Revolution and Daughters of the War of 1812.

Earline always loved horses and was an accomplished horsewoman. She was devoted to her Morgan "Jack" whom she owned from a young colt to 30+ years of age. Living on the farm in Tamworth fulfilled a lifelong dream of following the lifestyle of her ancestors. She was happiest when she was quilting, canning produce or making pickles from her gardens.

Earline has given a lifetime of service to the community in numerous ways. She has been involved in leadership positions in the Tamworth Historical Society, the Tamworth Community Nurses Association, Friends of Cook Library and was a longtime patron of the Barnstormers Theater.

ARTICLE #37 (By Petition). To see if the Town of Tamworth will raise and appropriate the sum of **$4,334** for the annual support of services provided to the citizens of this community by the **Visiting Nurse Association-Hospice of Southern Carroll County & Vicinity, Inc**.

The VNA-Hospice of Southern Carroll County & Vicinity, Inc. has been serving the community continuously for many years. The Town of Tamworth has continuously financially supported VNA-Hospice during that period of time.

The voters of the town recognize that in the year 2006 the VNA-Hospice has provided 1,428 home health care, hospice and/or child health visits to the citizens of the town. The citizens of this community recognize that without this annual community financial support, VNA-Hospice of Southern Carroll County & Vicinity, Inc. would be unable to continue to provide home care, hospice and child care services to the citizens of the town who are without health care insurance coverage or whose payments do not meet the costs of providing the services. (Majority Vote Required)
The Finance Committee recommends this article.
The Board of Selectmen recommends this article.

To see if the Town of Tamworth will vote to raise and appropriate the sum of **$15,500** for the support of Tamworth children, ages 5 – 12, using the Out-of-School Hours, School-Aged childcare services at **Bearcamp Valley School and Children's Center (Tamworth Preschool Inc.)**, a non-profit organization. These services include before and after school, vacation weeks

and summer programs for ages 5 – 12. This request does not include any preschool programming. (Majority Vote Required)
The Finance Committee does not recommend this article.
The Board of Selectmen does not recommend this article. (2N-1A)

ARTICLE #39 (By Petition). To see if the Town will vote to raise and appropriate the sum of **$1,200** for the support of **Agape Ministries** to serve any in need. (Majority Vote Required)
The Finance Committee recommends this article.
The Board of Selectmen recommends this article.

ARTICLE #40 To see if the Town will vote to raise and appropriate the sum of **$12,500** to perform **hydraulic analysis** of the Towns fire protection water supplies for the purpose of ISO certification.
(Majority Vote Required)
The Finance Committee does not recommend this article.
The Board of Selectmen does not recommend this article.

ARTICLE #41 To see if the Tamworth voters will approve the **renaming** of the "Veterans Monument Plot" to the **"Veterans Memorial"** located at the junction of Main Street and Route 113.

ARTICLE #42 To transact any other business that may legally come before the meeting.

Given under our hands and the seal of the Town this 22nd day of February 2007.

Finance Committee Report – 2007

The Finance Committee consisted of 4 members this year. We met with and reviewed the budgets of 28 various Charitable Organizations and Town Departments who request funding from the Town of Tamworth.

As of our last meeting the overall budget for fiscal year 2007 was up by $209,902 over last year. Some of the increase is due to Medical, Dental & Retirement offered to town employees, as well as a 3% salary increase across the board for Town employees. State and Federal costs, which the town has no control over, also increased. $20,000 dollars was added to the Planning boards' budget to cover possible legal action against the town. The new Full -Time Police officer voted in last year added another $30,000 to this year's budget.

Overall the Finance committee supported the majority of the Non-profit requests.
Articles that we did not fully support are as follows:

Article # 6 - We feel that the renovations to the Town Office Building totaling $19,283 is too costly and not needed at this time.
Article # 12- $57,500 for the Fire Engine Capital Reserve Fund. Last year the Town agreed to hire a fulltime Fire Chief, with the condition that they would stretch the time frame for purchasing Fire Engines from every 5 years to every 7. We did not agree to, or even know that the cost of the fund would increase by $22,500 over previous year's budgets to meet the new 7 year plan.
Article # 24 – We felt that Tri-County Community Action, not having to pay property taxes to the town for a valuable piece of commercial real estate was in itself worth much more than the $6000 they ask for from the town each year. Some members also felt as if they were being taxed twice. Programs such as fuel assistance that many residents receive are federally funded.
Article # 28 - 3 members were opposed, 1 was in favor of Red Cross funding.
Article # 38 - While all members of the Finance Committee were in full agreement that Bearcamp School (Nancy Coville) have done a wonderful job and has been an asset to this town, we felt that the $15,500 request did not fall in line with current enrollments at the school. Bearcamps student numbers are ½ of what they were 3years ago. We felt that the amount requested of the town should decrease as enrollments decrease.
Article # 40 – We felt that even if the town were to complete and pass the Hydraulic analysis for the purpose of receiving a higher ISO rating it would not be of benefit to many of our residents therefore not worth the initial cost of $12,500 to perform these tests.

Keep in mind that while the Selectman as well as the Finance Committee either approve or disapprove of any given Article it is you the Citizens of Tamworth that have the final say at Town meeting as to how and where your monies will be spent.

Respectfully Submitted,

Steve Jacobs, Chairman
For: Peg Poirer, Mariette Ross, and Xann Teryek

Tamworth Board of Selectmen
2006 Town Report

2006 was a busy year for the Board of Selectmen as we started out by setting up a list of projects and goals for the year.

The list included items such as landscaping at the Town Office building, completion of the Facility Sticker Policy, Perambulation of the Town line with Madison, adoption of the Traffic and Road Regulation Policy, a Personnel Policy, implementation of the wage and class study, update to the Welfare Guidelines and Floodplain Development Ordinance.

We are happy to report that with the assistance of many volunteers, we were able to accomplish the landscaping around the Town Office buildings and want to thank you all for a job well done.

The Welfare Guidelines, the Personnel Policy, Facility Sticker Policy and Traffic and Road Regulations were all adopted or revised this year. The Wage and Class implementation will take effect in the 2007 budget.

Paul King completed the Town line perambulation with Madison this year, which completes the third of five bordering towns.

In addition to the above, the Town has been working on developing a website – tamworthnh.org, and continues to work with the federal grant monies available to improve the safety issues in Chocorua Village.

We wish to thank the department heads and the employee's for their cooperation, dedication and hard work.

If you wish to meet with the Board, or have issues, concerns, or suggestions, please feel free to call the Town Office at 323-7525.

Respectfully Submitted,
Tamworth Board of Selectmen

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the Board of Selectmen
Town of Tamworth
Tamworth, New Hampshire

We have audited the accompanying *Summary of Tax Warrants, Summary of Tax Lien Accounts and Summary of Town Clerk Fees* of Theresa L. Boewe, Town Clerk and Tax Collector for the period of January 1, 2006 to March 17, 2006. These summaries are the responsibility of the Tax Collector. Our responsibility is to express an opinion on these summaries based on our audit.

We conducted our audit in accordance with auditing standards that are generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the summaries listed above are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the summaries. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall summary of fees, warrants and tax liens presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the *Summary of Tax Warrants, Summary of Tax Lien Accounts and Summary of Town Clerk Fees* of Theresa L. Boewe, Town Clerk and Tax Collector as listed above, present fairly in all material respects the uncollected balances as of March 17, 2006 and the applicable cash flows of the Tax Collector and Town Clerk for the period of January 1, 2006 to March 17, 2006 in conformity with generally accepted accounting principles applicable to cash transactions.

TREASURER'S REPORT

During 2006, all funds under the jurisdiction of the Treasurer's Office were invested so that the town would receive the maximum interest available at the time of the investment, with safety and liquidity a primary consideration. Citizens Bank, the Municipal Deposit Investment Pool, and Northway Bank all offered relatively good yields, along with safety through full collateralization.

We did not have to borrow in anticipation of taxes this year because we had sufficient cash reserves and cash flow for our needs. Investments earned a total of $64,827.22. Interest rates rose steadily throughout the year, with our highest at 5.11% yield by year end.

I welcome any questions concerning the office of Town Treasurer at any time. After all, this is your money. I also welcome any comments, concerns, or suggestions relative to the Treasurer's duties.

Special thanks go to my Deputy Treasurer Mariette Ross, Finance Administrators Anne Abear and Tina Glidden, Administrative Assistant Cassandra Pearce, Town Clerk/Tax Collectors Theresa Boewe and Kim Noyes, Selectmen Mariette Ross, Lanette Goodson, David Haskell, John Roberts, William Farnham, and Thomas Abugelis. I also appreciate the help and support I have received from the staffs at Berlin City Bank, Citizens Bank, Fleet Bank, Meredith Village Savings Bank and the Municipal Deposit Investment Pool . Finally, I thank you, the residents and voters of Tamworth, for your continued support. It is greatly appreciated.

Respectfully submitted,

Mary C. Mills
Treasurer

2006 Tamworth Fire Department Annual Report

The Tamworth Fire Department responded to 227 "911" calls in 2006. That makes it another record year and represents an 8 percent increase over 2005. Your Fire Department volunteers put in 2554 hours responding to calls. Add that to the time spent in training, at meetings, and fundraising, and you can see the tremendous dedication it takes to be a volunteer firefighter.

As your full-time Chief I performed 108 fire and life safety inspections in 2006. These inspections are designed to protect the public by ensuring that buildings meet the minimum safety standards as set forth by the State of New Hampshire. Let me say that again. We enforce the MINIMUM safety standards. Sometimes I have to make decisions that are not very popular, but bear in mind that they are always in the interest of safety.

2006 saw us plagued with vehicle problems. We continued to battle with Rosenbauer over problems with the engine purchased in 2005. We had to threaten legal action against them before they finally corrected the problems with the vehicle. Now it is running well and performing up to our expectations. Our 2000 engine suffered a catastrophic pump failure costing over $8000.00 to repair and putting the truck out of service for more than two weeks. The 1976 engine stationed in Wonalancet failed inspection and would have cost us more to repair than the vehicle was worth. After some searching we purchased a used engine from a department in Vermont and placed it in service for about half what the repair to the 1976 would have cost. We hope it will serve us until 2011 when we anticipate purchase of the next new engine.

The Tamworth Fire Department received an Assistance to Firefighters grant from FEMA in the amount of $96,579.00 to replace our outdated air packs. The federal share of the grant was $91,751.00 with the remainder being paid by the Tamworth Fireman's Club. The new packs improve our firefighter's safety and ability to perform in the most demanding and dangerous of environments. Through this grant, the Town of Tamworth received nearly $100,000 in equipment without spending a single local tax dollar.

The Fire Department, New Hampshire Forests and Lands, and The Chocorua Ski and Beach Association have been working together to improve the safety of the residents of Ski and Beach. Wildland Fire is a serious threat to the residents of Tamworth, especially those that live in the Pine Barrens. Ski and Beach has taken this to heart and is actively pursuing measures to make themselves safer. This project has put them on track to be New Hampshire's first "Firewise" community. While nothing can guarantee your safety in a wildland fire, being "Firewise" reduces the risk to your property and improves your chances of escaping a wildland fire safely.

Tamworth Fire now has a website. Special thanks go out to Dana Littlefield for designing our site and getting it running. We post information for both our volunteers and for the public. You can go there to get general information on the department, minutes of the

Town Clerk/Tax Collector
2006 Annual Report

On Tuesday March 14, 2006, I (Kim Noyes) was elected by Tamworth voters to serve as the Town Clerk/Tax Collector for a 3-year term. On Saturday, March 18, I was sworn in by then moderator George Cleveland, and I proceeded to take the minutes of the 2006 Tamworth Town Meeting. On the following Tuesday, March 21, I started my training with Theresa Boewe (Thank you Terry); and on Tuesday, April 18, I was on my own. At this point, it was obvious to me that the responsibilities of a Town Clerk/Tax Collector were more than just processing Motor Vehicle Registrations and collecting Property Tax payments. The following is a list of the different workshops I have attended:

March 23 & 28 – New Tax Collectors Workshop
April 11 – Vital Statistics (NHVRIN Software System)
April 12 & 13 – New Town Clerk Workshop (MV Registrations)
May 8 - Vital Statistics (Birth, Death & Marriage) Workshop
June 9 - Regional Town Clerk/Tax Collectors Convention
July 26 - Election Law Training (Accessible Voting System)
August 11 – Tax Collectors Seminar (BMSI Tax Software System)
September 20, 21, & 22 – NH Tax Collectors Assoc. Annual Conference
November 6 – The Basic Law of Town Budgeting

As duly noted in the October 2006 New Hampshire Town and City Local Government Center publication, the responsibilities of a Town Clerk (in addition to Motor Vehicle Registration) involves the keeper of public records, organizer of the election process; before, during, and after, as well as the Vital records keeper and issuer of certified copies. As Tax Collector, the responsibilities involve not only the collection of property taxes, but also the liening and deeding process of properties as well. The tax collector helps to resolve tax redemption problems that may (or may not) appear on credit reports or registry records, and is also the one to provide tax information for requests by title companies, financial institutions, and lien holders.

I would like to say that it has been an exciting first year, and the learning curve has been steep! I've enjoyed the challenge, and look forward to continuing my services to the residents of Tamworth. In this first year, I have taken advantage of a state program offering towns a Vitals Statistics Computer to process certified copies of birth, death, and marriage documents. I've also enrolled in a grant program (with the help of Chris Clyne, Genealogy & History Librarian) for the assessment and preservation of our town's vital records; approved and scheduled for the fall of 2007. I would like to thank Mary Mills and Cassandra Pearce for their continued support and knowledge in helping me to make this transition as smooth as possible for everyone. I wish to thank those who did vote for me, and I hope that I have gained some votes too! I believe that my Deputy, Patricia Conner and I will continue to provide the services the Town of Tamworth residents expect. Please give the office a call with any questions, concerns, or suggestions you may have; and Thanks for a great first year as your new Town Clerk/Tax Collector.

TRUSTEES OF TRUST FUNDS AND CEMETERY COMMISSIONERS

2006 REPORT

As Trustees we are currently responsible for the safe keeping and investment of approximately $861,968 in trust and reserve funds. The details of these funds are shown on the accompanying schedules. As of December 31, 2006 we are holding $226,302 in permanent trust funds for such purposes as cemetery maintenance, library, park, etc. In addition, we are holding $635,666 in capital reserve funds. These are non-permanent funds established for the purpose of special education, purchasing fire trucks, rescue trucks and police cruisers, purchasing recycling equipment and highway equipment, bridge repair, land acquisition and building funds, revaluation, etc.

The majority of our funds are invested the NH Public Deposit Investment Pool. For December 2006 the average annualized yield was 5.06%, up over 1.5% from last year.

As Cemetery Commissioners 2006 was an uneventful year. There were no major projects planned for any of the cemeteries other than keeping ahead of the mowing with all the rain and cleaning up branches after many windstorms. The only scheduled project for the upcoming year will be the removal of dead trees and the planting of new trees. Every effort is being made to contain expenses while keeping the cemeteries in good appearance.

Our thanks go out to all of the volunteers who helped to document the existence and location of Veterans' burial sites and ensure the placement of flags on those graves.

Respectfully submitted,

Harold W. Cook
Janet S. Conner
Michael B. Ulitz

Firewards meetings, and special messages to promote your safety. Our site is www.tamworthfd.org.

A special note on illegal burning… New Hampshire has very strict outdoor burning regulations. They are designed to protect the public, the forest, and the air. We have no choice but to act in cases of illegal burning. It is not a "no victim" crime. Based on 2006 budget figures, we spent about $13,500 of your money extinguishing illegal fires. While some of this money is reimbursed by the State and some is recovered from those that lit the fires, the best answer is for people to follow the rules and not burn things they are not supposed to. The permit is called a brush permit for a reason. If its not brush, don't burn it. Keep in mind that a permit is required unless there is snow covering the ground vegetation for a 100 foot radius from the edge of the brush pile. For more information on outdoor burning, please visit our web site.

Again this year, I would like to thank you all for your continued support. Our mission is all about your safety. Without the support of our volunteers, their families, and all the business owners and residents of Tamworth, we would not be able to fulfill that mission.

Respectfully,

Stephen Solomon, Chief
Tamworth Fire Department

TAMWORTH RESCUE SQUAD 2006 ANNUAL REPORT

Tamworth Rescue Squad remains an all-volunteer organization which services the citizens of Tamworth and surrounding towns by belonging to the Ossipee Mountain Valley Mutual Aid Association.

Tamworth Rescue Squad consists of non-medical and medical members with EMT-Basic and EMT-Paramedic levels of training. Maintaining current licensing through training and education keeps our members up to date on the newest changes and improvements in the emergency medical field.

This year Tamworth Rescue Squad had 301 calls from Carroll County dispatch, 19 motor vehicle accidents, 52 fire assist and 230 medical responses. We expect the call volume to increase because the town is constantly growing and more people are traveling around and through Tamworth.

Tamworth Rescue Squad has just acquired a new Road Rescue Ultramedic ambulance from Specialty Vehicles Incorporated. This new truck brings us up to date with new emergency vehicle engineering and safety. Members are now using only equipment that can be sanitized or is disposable to maintain the safest environment possible. The membership of Tamworth Rescue has gained new members to who we say Thank You, and hope you will also enjoy this unique experience, and best wishes to those who have moved on.

Tamworth Rescue Squad elected new officers in December Chris Robinson, captain; Richard Colcord, 1st Lieutenant and Jeffrey Tavares Jr. 2nd Lieutenant, and would like to Thank past captain Patti Norcross for her dedication and leadership.

As the new captain of Tamworth Rescue Squad I would like to thank everyone for their support, generosity and respect. When you dial 911, we consider it an honor and privilege to help you in your time of need. A reminder for us to serve you all faster is to have all 911 house numbers visibly posted at the end of your driveways.

Respectfully Submitted,
Chris Robinson, Captain Tamworth Rescue Squad

MEDSTAR ALS, Inc.
Activities Report – Town of Tamworth
2006

It is difficult to believe that another year has already past. Once again the year proved very busy for Medstar crews as they responded to nearly 2000 calls for assistance. Their responses included everything from standing by at fire scenes to homicide. I commend them for their diligence and dedication.

As demand for service continues to grow we strive to improve our capabilities. Currently, we have one EMT-I enrolled in a paramedic program and three EMT's who are preparing to sit for the National Registry EMT Intermediate exams. We have just placed a 2006 AEV Custom Ambulance into service. This brings our fleet to five front line ambulances and one in reserve.

I would like to take this opportunity to express our sincere appreciation to the people of Tamworth for their tremendous support. A very special THANK YOU goes out to the members of the Tamworth Fire Department, Tamworth Rescue Squad, Tamworth Police Department, and the Tamworth Highway Department. As always, their dedication only makes the work we easier, and the people of Tamworth safer.

In 2006 we responded to 428 calls in Tamworth. They were as follows:

2006 Emergency Responses

Medical Aids:	284	Patients Transported W/ Advanced Care:	144
Motor Vehicle Accidents:	51	Patients Transported w/ Basic Care:	76
Trauma:	9	Patients Assisted Without Transport	115

I would like to take this time to thank the Board of Selectmen and the residents of Tamworth for their continues support to this Department. As you can see by the Statistics depicted above, 2006 was a busy year. You might have noticed some new faces driving around in the cruisers. Officer Anthony "Tony" Castaldo, after a lengthy hiring process, came on board the 1st of August. He then departed for the NH Police Academy where he spent 12 weeks learning to be a Police Officer. Upon his graduation he returned back to Tamworth where this Department put him through a rigorous Field Training Program. I am proud to announce that Tony has successfully completed his Training Program and is patrolling the streets of Tamworth. In November Sergeant Frank Suprenard resigned to take a position with the Freedom Police Department. I am proud to announce that Sergeant Shawn Varney, a 13-year veteran with the Moultonborough Police Department has joined the Team. Shawn brings with him a wealth of knowledge and experience, which will be a valuable asset to the department. This Department looks forward to serving the residents of Tamworth and is dedicated to providing a safe community.

Total visits and consults 5761

The Town of Tamworth continues to be the only municipality in the state to have nursing services available to its' residents without a fee. Other health care providers that we deal with continued to be amazed that a benevolent organization such as ours exists. Each day one of our nurses holds office hours from 9-11 for walk-in visits from Tamworthians. There is no appointment necessary and all issues are treated confidentially. We check blood pressures, provide first aid, change dressings, remove sutures as well as provide nursing consults and counseling services. We also make home visits to residents that are unable to come into our office. We see people of all ages from newborns to those in triple digits with no regard to economic strata.

Dr. Joann Buonomano of Ossipee Family Medicine is our Medical Director. Our nursing staff is made up of myself, Joan Peters RN and Carol Eldridge LPN. Donna Polhamus has served as our Office Manager but is now moving on to another phase of life. We appreciate and thank her for her tireless efforts on behalf of the townspeople and the Tamworth Community Nurse Association. She will be missed. Each one of our staff plays an integral part in the services TCNA provides to Tamworth residents and it is a pleasure to work with them. The office is open 9-1 Monday thru Thursday and 9-11 on Fridays. We are closed on weekends and holidays. Our e-mail address remains tcna@ncia.net. Our phone number is 323-8511 and we are located in the back of the Town Office Building. We are handicap accessible.

Our Board of Directors meets monthly to direct agency functions and operations, handle financial matters, as well as volunteer their time helping at clinics, screenings, and fund

raising events. The members of the 2006 Board were Lianne Prentice, Chair; Cynthia Richards, Vice-Chair; Kim Matheson, Secretary; Nicole Maher-Whiteside, Treasurer; Jan Hamel; Margaret Rieser; Carol Ewing; and Kerrie Trumble-Curtin. Recently Dr. Joseph Semmes, Joanne Vasconcellos and Matthew Weegar have joined and serve as Members-at-Large. Although they receive little recognition, their endless efforts in support of the work of this fine organization make our services possible. This year they have worked very hard developing a Long Range Strategic Plan, copies of which can be found at our office. We have also defined some goals for the years ahead to increase as well as improve services we offer to this community. These goals include:

- To secure the Tamworth Community Nurse Association financially for the next 100 years
- To offer the people of Tamworth a greater scope of health care services by adding a Nurse Practitioner to our staff.
- To obtain grants to enable our uninsured neighbors and citizens access to preventive medical care.
- To provide Tamworth's children with regular, preventive and restorative dental care.
- To develop a system to make pharmaceuticals available to those residents who are unable to obtain them.
- To serve as a role model for healthcare in rural America

The Department of Health and Human Services conducted its annual inspection in September. They reviewed our charts, policies and procedures, infection control and quality assurance. We are pleased to announce that we were once again deficiency free.

We coordinate Meals on Wheels, an essential service to town residents. Without this service, we would have some people go hungry and/or develop malnutrition. It also serves as a safety check for some individuals. There were over 15,205 meals delivered to town residents in 2006 by some 50 volunteer drivers. We always need more volunteers to work a flexible schedule, once a month. It only takes approximately 2 hours to complete the route and I guarantee you will find the task a rewarding one. Donna has recruited some corporate sponsors this year to help with mileage re-imbursement. We would like to thank: Chequers Villa, Dr. Trish Murray's Wellness Center, Eastern Propane, Forest Land Improvements, Gilbert Block, the Gilman Tavern, Club Motorsports, Jeff Davis Enterprises, Irving Oil Co., Marrone Construction, Ossipee Auto Parts, The Other Store, Saint Andrews in the Valley, Shawn's Auto and Towing Service, Tice's Automotive, and the Unitarian-Universalist Fellowship of the Eastern Slopes.

TCNA continues to function as the Salvation Army Unit station for the area. Emergency funds are available for Tamworth and Sandwich residents in need. This year we have assisted people by providing medication, therapy, groceries and medical equipment.

During the holidays we deliver gifts to our clients. Special thanks to Elan Publishing for their generous donation to this program. We also worked closely with St. Andrew's Food Pantry and gave out more than a twenty Thanksgiving food baskets.

TCNA interacts and coordinates services with the Tamworth Caregivers, ServiceLink, Tri County Cap, and RSVP to name a few. These organizations have provided support to many area residents and serve as important members of the health care team.

Don't forget we have our "loaner closet". Wheelchairs, commodes, walkers, canes, crutches and miscellaneous items are available free of charge. We appreciate all who have donated items and encourage all residents to use the equipment and supplies.

The Tamworth Community Nurse Association is a private, not for profit non-certified company. What this means is we do not bill Medicare/Medicaid or insurance companies. We researched the possibility of billing insurance companies for services. We found that Medicare/Medicaid has a policy that states that we may not bill them any more than our lowest rate. Since we do not charge residents any fee for service, we would not be eligible to charge Medicare/Medicaid even one dollar. In addition, we found that we would have to hire a trained individual to process all of the required Medicare/Medicaid and insurance paperwork. The cost to pay such a person would come close to the amount we currently seek from the town. Lastly, and most importantly, by accepting the "cost-saving" practices of managed care, insurance, Medicare or Medicaid, we would be forced to limit the services we now provide. Much preventative care and social service support which your neighbors often need to maintain active and healthy lives is not covered by the major insurance companies. Regional health agencies, including the VNA, regularly contact us to care for patients in Tamworth whose coverage has been terminated. TCNA is able to provide excellent, broad-based care for all Tamworthians who need us. Readers should be aware that our town is also covered by two certified Visiting Nurse Associations that adequately meet the needs of townspeople with insurance benefits. Neither of these companies do what TCNA does however, which is to care for all the people that fall between the cracks for a myriad of reasons. We provide a safety net for residents of this town that no one else does. That is the true and unique value of the gift Elizabeth Lane Whittemore gave Tamworth through her original organization and endowment of TCNA. We are well known to area hospital discharge planners and work cooperatively with them in providing optimal home care. Because we are not Medicare certified we do not provide ancillary services such as occupational, physical, and speech therapy, home health aides/homemakers, and hospice. For these services we rely on area agencies such as Northern Carroll County VNA & Hospice, VNA & Hospice of Southern Carroll County and Vicinity, and Carroll County Health & Homecare Services. Close communication and collaboration allow us to provide continuity and holistic care. We are grateful for the cooperative efforts extended to us by these agencies.

As always, we deeply appreciate the support of the people of Tamworth and pledge to continue our efforts to work for the health and well-being of each resident as well as the community as a whole.

TAMWORTH RED CROSS SWIM PROGRAM

The summer of 2006 saw 130 children participate in the Swim Program at White Lake State park. It was a warm summer and the children all accomplished a great deal. It is always a pleasure to see familiar faces return year after year and welcome new ones each summer.

The success of the Swim Program is based on many continuing factors. The Town of Tamworth and the Tamworth Foundation, who each year continue to generously support the Swim Program financially. The parents, grandparents and day care providers who make the sacrifice to ensure that the children are able to attend. The Tamworth Recreation Program and the Swim Program continue to work together so that children may take advantage of both offerings. The Staff at White Lake State Park are gracious in their assistance to the Program and the use of their facilities for the Swim Program.

The staff of instructors working with the children on a part-time and full time basis were Ida Streeter, Hannah Johnson, Jen Fawson, Martha Chandler and Brenda Robinson. We cannot say "Thank You" often enough to Life Guards Steve Grey and Josh Mason. They are extremely support in countless ways to our Program and offer Safety to our children that is both age appropriate and well taught.

Our sincere thanks to all who work to make the Swim Program a continuing success!! We look forward to continuing to offer lessons for many more years to Tamworth and children in surrounding communities. May they all have the pleasure of learning to swim, be safe in and around the water and make swimming a part of their lives for their lifetimes.

The Tamworth Outing Club

The funding request by the Tamworth Outing Club (TOC) is for our Cal Ripken and Babe Ruth Baseball programs.

The Cal Ripken Program offers supervision and coaching for baseball practices and league games to children between the ages of 6 through 12. The season starts when the snow melts in April and ends in early June. In the year 2006, there were 5 teams, totaling 71 children. The Tamworth program hosted the Opening Day Ceremonies for the league. Volunteers operate a snack shack during the games as a fund raiser for the program.

The Babe Ruth Program offers supervision and coaching for baseball practice and league games to children between the ages of 12 through 18. The season starts in late June and ends in early August. In the year 2006, we had one team of 16 players. A new league was formed in 2005.

The purpose and intent of these programs is to develop an active and enjoyable program for children as they develop the skills required to play baseball. Success is measured by the degree of interest by the kids for the program, by how well they develop a good sportsmanship-like attitude, and by the degree of learned athletic skills. Winning and losing is considered less important than the child's ability to learn the benefits of a coordinated team effort as well as the benefits of experiencing the satisfaction of doing "one's best" as an individual.

Beyond our membership fees, the TOC runs many fund raising events over the course of the year to help defray the cost of our baseball programs, the Junior Ski Program and our cross country ski grooming program. These are our most expensive programs. We conduct annual fund raising appeals to our membership and to the Tamworth Foundation. Our fund raising events include our many contra dances at the Town House and at the Brass Heart Inn barn, the Tamworth Sled Dog Race, the Wonalancet Wander cross country ski race, the Chicken BBQ dinner during the July 4th Family Day and staffing a "Reach the Beach" station.

The TOC welcomes new members. Contact Helen Steele at 323-8687 or via e-mail: helenwodc@msn.com.

TAMWORTH CONSERVATION COMMISSION REPORT for 2006

WETLANDS:

During the year, the Tamworth Conservation Commission (TCC) investigated a number of applications for Septic Waivers, Special Use Permits, and Standard Dredge and Fill Permits. Most of these involved on-site inspections of the proposed work. In addition, there were instances of suspected work in wetlands in violation of Town and State ordinances. These situations were also investigated by Commission members.

The Wetlands and Subsurface Committee met in a number of Special Sessions and held a Public Meeting with the Planning Board on the Club Motorsports application for a Special Use Permit. The results of investigations and hearings were reported by the Commission to the appropriate regulating authorities: the NHDES, the Tamworth Planning Board and the Tamworth Selectmen.

EASEMENTS:

Conservation easements are a preferred tool for protecting special natural areas from development, while keeping lands in private ownership and on the tax rolls. No new easements were accepted by the town this year, but potential new easements were discussed with landowners along the Chocorua River, and on Durrell Road. Commission members completed the yearly monitoring of its existing easements. The Commission negotiated the resolution of a violation on one of the easements it holds.

TRAILS and TOWER:

Trails in the town's conservation lands required the usual spring cleanup. The Community School created an access trail to the Rhodes Easement along the Bearcamp River as part of their Earth Day activities in April. The TCC and the Chocorua Community Association continued to work on creating a loop trail and a bog bridge in the town-owned Waterfowl Haven, behind the firehouse in Chocorua. The Commission lined up contractors to replace the Great Hill Fire Tower roof in 2007.

OTHER:

Chairman John Mersfelder and other members of the Commission attended the Annual Meeting of the New Hampshire Association of Conservation Commissions in Concord in early November. In addition, the Commission interacted with a number of other Conservation minded organizations, including the Green Mountain Conservation Group, The Society For The Protection of New Hampshire Forests, The Nature Conservancy, and the Lakes Region Conservation Trust, on Conservation and Easement matters in Tamworth and the surrounding communities..

The Conservation Lands Review Committee (CLRC), under the leadership of Chris Conrod, continued to work an inventory of Natural Resources in the Town of Tamworth.

The TCC had a booth at the Family Day festivities on July 4th. CLRC questionnaires were handed out, along with trail maps and brochures.

Vice Chairman Ned Beecher once again held his spring bird watching walks.

The TCC once again participated in the county-wide Household Hazardous Waste Day in August. The TCC thanks the volunteers who helped Commissioner Donna Veilleux make this project a success.

CAPITAL IMPROVEMENT PROGRAM

At the March 18, 2006 Tamworth Town Meeting, the town voted to authorize the Planning Board to prepare and amend a recommended program of municipal capital improvement projected over a period of at least 6 years.

The decision to establish a Capital Improvement Program (CIP) sub-committee occurred at the April 26, 2006 Planning Board meeting. After initial informal discussions with proposed CIP appointees during the months of May and June, the Planning Board confirmed the appointments of the CIP sub-committee at their June 28th meeting by unanimous vote. The sub-committee is as follows:

Herb Cooper, CIP Chairman, Planning Board Representative
Dom Bergen, Planning Board Representative
David Cluff, Planning Board Representative
Steve Jacob, Municipal Finance Committee Representative
Linda Jones, CIP Recording Secretary
Bill Jones, CIP Member
Charlie Pugh, CIP Member
Lisa Remick, Tamworth School Board Representative
John Roberts, Board of Selectmen Representative

The first formal meeting of the CIP sub-committee was held on July 5, 2006. Discussions included a process review, establishing schedules and public notices, meeting with department heads individually to assist with preparation of their project worksheets, set the horizon (6 years) 2008 – 2013 and review the project cost threshold.

Additional meetings were scheduled and held monthly from august 16th thru December 6th which time the department heads from the Fire, Police, Highway, Rescue Squad, Parks and Recreation, Conservation Commission, Historical Society and Cemetery departments presented their completed capital projects worksheets and answered questions.

The CIP sub-committee will begin 2007 scheduled meeting on January 16th and February 13th by continuing to review capital projects from our Town Government, the School District and Highway Department. Additional meetings and review period will be scheduled to refine a CIP draft and to prepare necessary documents and spreadsheets for a public input meeting. A final CIP report, joint meetings with the town Select Board, Department Heads, Planning Board and the public are planned for later in 2007. A final document would be incorporated with the 2008 annual budget. This document is updated annually and usually includes the arrangement of projects based on the schedule of priorities and the anticipated methods of financing for each project.

Cook Memorial Library Director's 2006 Annual Report

We appreciate the steadfast support we receive from the Town of Tamworth throughout the year. It inspires us to find new ways to serve our library patrons.

In 2006 we continued to set new records in the number of patrons, programs, and overall attendance. Circulation is up 12%, attendance up 21%, and there have been 137 programs with 2961 people attending. Local organizations held 102 meetings in the library's meeting rooms. Internet use has continued to increase with 1740 library computer users in 2006. That number is augmented by people hopping on the library's wireless network, not only in the library during open hours, but 24/7 on the street, on the lawn, and in their cars. It's a number impossible to count.

Since the building project in 2001, annual attendance and circulation figures have doubled. Furthermore, this year the staff answered twice as many reference questions and procured twice as many interlibrary loans of library materials as they did five years ago.

Our Childrens' Librarian, Amy Carter, continued to attract new patrons with her creative children's programs; such as "sleepytime storytimes", the summer reading program (with a "pirate's treasure" theme,) stargazing parties, puppet shows, and guest storytellers of all sorts and styles. Library programs were presented that are appealing to people of all ages: book discussion groups--including the "One Book One Valley" program--several film series sponsored by the Arts Council of Tamworth, as well as the well-attended four-part series, "Dying in America", with Bill Moyers. A wide variety of workshops and many educational talks were also presented. For the first time, community members contributed to a temporary special collection on "Sustainability" in the fall. The collection continues to circulate well, and a local group is meeting regularly to address this issue in Tamworth. All the library's programs are free and everyone is welcome to attend these events.

The ever-increasing demand for library services is managed by our hardworking staff, and is ultimately made possible only with the continued help from volunteers and the Friends of CML library. Our loyal volunteers work an average of six hours a week at the library. They shelve books, manage the circulation desk, make refreshments for events, organize local history materials, and supervise the Ulitz Genealogy & History Center. The Friends of Cook Memorial Library work hard to augment library services with their support, both financial and otherwise. Not only do they provide funds for programming during the year, this past year they purchased several card tables, a scanner, a new book truck, and a street sign to advertise library events. They organize and staff a book sale the first Saturday of every month, and continue to host gala annual Book & Bake Sales in August and February. At the Friends' annual meeting in September, N.H. author Rebecca Rule brought down the house with her humorous New Hampshire tales. The Friends continue to work tirelessly on behalf of the library and the Tamworth community, and are much appreciated by patrons, staff, and trustees.

Under the supervision of Chris Clyne and a skillful group of local volunteers, the new Ulitz Center has received, indexed and catalogued collections from the Tamworth Garden Club, Wonalancet Out Door Club and the Chocorua Mountain Club, all housed at the library. Steve Damon has donated several scrapbooks of Tamworth faces and history. Local artist Willey Fromm has donated fourteen pieces of art and papers chronicling her long career. We are grateful for all the many contributions, large and small, made on behalf of local history archives by so many of you. This is your town's history and all are encouraged to explore the collections!

ARTICLE #2 (By Petition) Shall we adopt the provisions of RSA 40:13 (known as SB-2) to allow official ballot voting on all issues before the Town of Tamworth on the second Tuesday of April? (3/5 Majority Vote Required)

YES 324 NO 594 DID NOT PASS

Meeting was opened at 10:08am on March 18, 2006 at the Kenneth A. Brett School where 272 Tamworth registered voters checked in. The Moderator went over the number of Ballots cast (1006) and the election results for both the School Ballot and the Town Ballot. The Moderator thanked Terry Boewe for her years of dedicated service to the Town of Tamworth which was followed by a standing ovation. The Moderator proceeded with the Introduction of the Town officials and members of the Finance Committee seated. The Moderator thanked Margo Mallar for all her hard work with the Tamworth Calendars and that the proceeds of $200,000 went directly to our Community. The Moderator then went over the rules. The Article would be read and would need to moved and seconded. At that time it could be discussed and/or amended. Then a voice vote would be taken. If the Moderator is not able to decide by voice vote, then a

show of hands would be required. If necessary a secret ballot would be taken by using the blue voting cards. An Article could be postponed indefinitely with a majority vote, or we could vote to lay it on the table which would take a 2/3rd's vote.

ARTICLE #3 To see if the Town will adopt the provisions of RSA 80:52-a allowing for the prepayment of property taxes. (Majority vote required)

Moved and Seconded PASSED

ARTICLE #4 (By Petition). To see if the Town will vote to raise and appropriate the sum of $2,000 to revise the Master Plan, which RSA 674:3 recommends be done every 5 to 10 years. The Finance Committee recommends this article (5-yes, 0-no). The Board of Selectmen recommends this article. (Majority Vote Required)

Moved and Seconded PASSED

ARTICLE #5 (By Petition). To see if the Town, having a Master Plan adopted by the Planning Board on March 29, 1995, will vote to authorize the Planning Board to prepare and amend a recommended program of municipal capital improvement project over a period of at least 6 years, in accordance with RSA 674:5. (Majority Vote Required)

Moved and Seconded PASSED

ARTICLE #6 To see if the Town will vote to raise and appropriate the sum of **$494,505** for **general government operations:**

Board of Selectmen $13,117

Town Administration $78,086

Town Clerk/Tax Collector $61,135

Election & Registration $11,000

Accounting & Auditing Services $56,351

Treasurer's Expense $ 4,414

Data Processing $13,344

Revaluation of Property $24,500

Legal Expenses $20,000

Personnel Administration $ 2,500

Planning $ 9,518

Zoning $ 500

Office Building $27,500

Town House $19,050

Cemeteries $22,139

Property Liability Insurance $24,200

Advertising & Regional Assoc. $ 4,263

Interest/Tax Anticipation Note $15,000

Debt Service Principal & Interest $87,888

The Finance Committee recommends this article (4-yes, 0-no, 1-absent). The Board of Selectmen recommends this article. (Majority Vote Required)

Moved and Seconded

Question was asked of the "Debt Service P&I" line – It was explained that that was the old landfill bond. Steve Jacobs of the Finance Committee noted that within the budget there was $5,000 for landscaping and $1,200 for a newer Pitney Bowes stamp machine. It was discussed that the $24,500 revaluation for property was for the years pick-up of new buildings built versus the $50,000 in Article #8 used for the revaluation of the town.

PASSED

ARTICLE #7 To see if the Town will vote to raise and appropriate the sum of **$6,500** to purchase the **AccuVote ballot machine** which includes a two year warranty, all necessary equipment and on site support on election day. The Finance Committee does not recommend this article (1-yes, 4-no). The Board of Selectmen recommends this article (2 yes, 1 no). (Majority Vote Required)

Moved and Seconded

Charlie Pugh asked George Cleveland to comment on the voting machine. George Cleveland felt that it would have taken a minimum of 10 pairs of counters for 2,000 ballots (which includes the school budget ballots). George Cleveland commented that there is a learning curve and that it was a time saver to have the machine. The Town Attorney commented on the Town of Wakefield having used a machine with their SB2 voting. William Farnum of the Finance Committee presented figures in regards to purchasing the machine versus the cost of having counters at the normal town meeting turnout, our town election, as well as other election.

PASSED

ARTICLE #8 To see if the Town will vote to raise and appropriate the sum of **$50,000** to be added to the **Revaluation Capital Reserve Fund** previously established and further to designate the Board of Selectmen as agents to expend. The Finance Committee recommends this article (5-yes 0-no). The Board of Selectmen recommends this article. (Majority Vote Required)

Moved and Seconded PASSED

ARTICLE #9 To see if the Town will vote to raise and appropriate the sum of **$10,000** to be placed into the **Police Department Equipment Capital Reserve Fund**. The Finance Committee recommends this article (5-yes 0-no). The Board of Selectmen recommends this article. (Majority Vote Required)

Moved and Seconded PASSED

ARTICLE #10 To see if the Town will vote to authorize the selectmen to enter into a 5-year lease agreement for **$37,600** for the purpose of **leasing a police cruiser for the Police Department**, and to raise and appropriate the sum of $9,400 for the first year's payment for that purpose. ARTICLE #54 (By Petition). To see if the Town is in favor of adopting the following:

The section of Old Route 16, from the main entrance to the Chocorua Lake beach south to where Old Route 16 meets the current Route 16 will be closed to vehicular traffic from November 1st to May 1st every year.

This section of Old Route 16 and the next section of Old Route 16 just north of it which is marked for "Tamworth Residents Only", shall be closed to vehicles daily during the hours of darkness. In

addition, the parking or stopping of vehicles on these sections of Old Route 16 at all other hours will be permitted only for Tamworth residents. Parking for non Tamworth residents will be permitted in the area of the main entrance to the Chocorua Lake beach from Route 16. Tamworth residents, landowners, and their guests shall be required to have displayed in a conspicuous place on a vehicle a current and valid Town decal which will allow them to park or stop their vehicles.

Rules posted on these sections of old Route 16 are also included as part of this ordinance to include notice of violation; penalty; summons to appear in court for a violation of this ordinance.

Any law enforcement officer may issue a notice of violation. Such notice shall impose upon the person a forfeiture of fifty dollars ($50) which must be paid to the office of the Town Clerk within 10 days of the date and time the notice is issued, in full satisfaction of assessed penalty. In the event the penalty is not paid in full to the Town within the time limitations specified, a summons shall be issued for appearance in district court and any person found guilty of violating the provisions of this article shall be guilty of a violation and will be fined up to two-hundred and fifty dollars ($250).

This ordinance will take effect upon its passage by the Town of Tamworth. (Majority Vote Required)

Moved and Seconded. David Little spoke of Chief Poirier's need to have ordinances in place in order to enforce the Article proposed. An amendment to replace the first three paragraphs to the Article was read by David Little as follows:

Amendment to replace the first three paragraphs:

Parking on Old Route 16 is restricted to Tamworth Residents only.

Parking and stopping is only allowed for nonresidents of Tamworth in the area of the main entrance between Route 16 and the Chocorua Lake Beach.

Tamworth residents, land owners, and their guests shall be required to have displayed in a conspicuous place on a vehicle a current and valid town decal which will allow them to park or stop their vehicles.

The Town Attorney was asked to comment in regards to the wording of the amendment. The Town Attorney spoke of the amendment's wording being clearer than the original warrant article. The motion was made to move the question.

Amendment moved and seconded PASSED

ARTICLE #55 To transact any other business that may legally come before the meeting.

Article #55

To transact any other business that may legally come before the meeting.

To see if the Town will vote to authorize the Selectmen to appoint a **CLASS VI ROADS STUDY COMMITTEE**.

The committee will be of the Legislative Body and is responsible directly to that body.

Its assigned mission is to research, document, and confirm a complete list of the Town's Class VI roads.

Class VI roads are public right-of-ways that are no longer maintained by the Town but on which the public has a right to travel at its own risk.

The Town recognizes the value of these roads for diverse recreational uses, for firefighting, for access to interior lots that would otherwise be inaccessible to their owners, and for restoration to Class V roads if ever that would serve the Town's best interest.

Under the Town Meeting's directive, the most immediate use of the Committee's work would depict all Class VI roads on the Town Tax Map and tax assessment records, thereby to help forestall future misunderstandings concerning the public rights involved.

A report of progress will be presented annually at Town Meeting, until its completion.

Submitted By
David Haskell

The Moderator spoke of this article as being the formation of a committee and not involving any money. It was noted that the last road study was from 1969.

Article was moved and seconded PASSED
